Every answer, *with its page.*

Your office's scanned orders, circulars and files, in Malayalam and English, made searchable by meaning. Ask in your own words. The answer quotes the document and shows you the page.

Why was the request of MGNREGS contract employees for regularisation rejected?

The request for regularisation was rejected because there are no sanctioned regular posts and a lawful regular recruitment framework [1] [2]. Government found that long service, satisfactory performance and the continuing requirement of personnel cannot create a right to regularisation [1].

Rejection of Regularisation Request for Contract Employees under MGNREGS

"cannot, individually or collectively, create a right to regularisation in the absence of sanctioned regular posts and a lawful regular recruitment framework."

From the demo library: 38 Kerala Local Self Government orders, February to October 2026.

ASK IN YOUR LANGUAGE

Malayalam, English or Manglish. Typed the way people speak.

EVERY ANSWER, WITH ITS PAGE

Each answer quotes the passage and opens the original scan beside it.

CHECKED, WORD FOR WORD

Every quote is matched to the document. If one cannot be found, it says so.

WHY IT MATTERS

The answer is in the file. *Finding it is the work.*

Government and regulated offices keep years of orders as scanned pages, many in Malayalam. Keyword search cannot read a scan, staff rely on memory, and an RTI reply, an audit or a court filing needs the exact order and page.

HOW IT WORKS

01
Scan
Your existing scans and PDFs, as they are.

02
Read
Text is read from each page, in Malayalam and English.

03
Index by meaning
Documents are organised by what they say, not only their words.

04
Ask and verify
Answers cite the order and page, and every quote is checked.

WHAT STAFF CAN DO

- Ask a question and get the answer with its source
- Read any order beside its printed page
- See when an order was amended later
- Search by number, title, place or topic
- Add a document once and ask about it any time
- Copy an answer with its citations into a note or reply

From the demo library: 38 Kerala Local Self Government orders, February to October 2026.

WHO IT IS FOR

Local self government and secretariat sections, cooperative banks and societies, universities and boards, legal cells and courts, and any compliance team that answers from its files.

WHERE IT RUNS

On your own server, inside your office. Documents never leave the building, and there is no charge per question.

Start with one office and one collection of documents. We measure it on the questions your staff already ask.
